

Welder / Boilermaker

- **Day Shift** (7:10am - 3:40pm)
- **Afternoon Shift** (3:40pm - Midnight)
- Full Time
- Glen Waverley Location

Wilson Transformer Company is an Australian owned engineering and manufacturing company, specialising in the production of power and distribution transformers. Wilson Transformer prides itself with enviable international reputation for quality, reliability and service.

This is an excellent opportunity to join a highly reputable Australian owned company as an experienced Welder / Boilermaker.

To be successful in this role you must demonstrate the following;

- Previous background with a hands-on role in a factory environment.
- Experience in heavy plate material welding and fabrication.
- Competency in MIG and ARC welding.
- Ability to read drawings.
- Appropriate trade qualifications or equivalent (desirable).
- Additional welding tickets (desirable).
- Comprehensive understanding of written and spoken English.
- Good communication and interpersonal skills.
- Well developed numerical skills.
- High level of self-motivation, effective time management, ability to work without supervision, positive "can do" attitude, and team player are all desirable attributes.

If you think you have what we're looking for, don't delay, and send your resume with a covering letter stating day or afternoon shift to maria.fransisca@wtc.com.au or mail your application to: Wilson Transformer Company, PO BOX 5, Glen Waverley, Victoria - 3150.
